

THROUGH PENETRATIONS

SPECSEAL LCC Intumescent Firestop Collars

The economical solution for firestopping common plastic pipe that doesn't compromise safety or performance.

- Easy installation: uses STI's quick closure design
- Expands quickly (up to 60x) to seal off burning pipes
- Safe for contact with plastics
- Water-resistant: no soluble or hygroscopic ingredients
- Compact profile: a great fit for tight spaces
- UL Classified and FM Approved
- Products LCC150, LCC200, LCC300, LCC400

| PACKAGING | |
|-----------------------------------|---------------------------|
| 1 1/2" - LCC150 (for 1 1/2" pipe) | 3" - LCC300 (for 3" pipe) |
| 2" - LCC200 (for 2" pipe) | 4" - LCC400 (for 4" pipe) |

SPECSEAL SERIES SSM MORTAR

SpecSeal Firestop Mortar is suitable for openings of all sizes. Its method of application makes it specifically useful for medium to large openings with simple to very complicated combinations of penetrants.

- Non-shrinking material that will not crack due to changing temperatures
- Higher "T" ratings: less heat transfer
- Light weight, low density material is easier to form, easier to re-enter
- Fast drying: forms come down fast
- Compatible with wrap strips: wide combination of penetrants possible in the same opening
- UL Classified
- Products SSM106, SSM22B

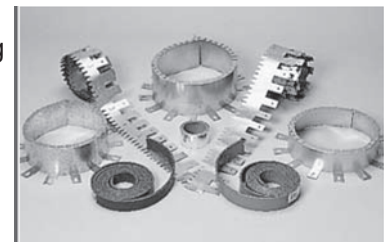

| PACKAGING |
|--------------------------|
| 22 lb. Pail & 22 lb. Bag |

SPECSEAL SERIES SSW WRAP STRIPS

For great solutions for firestopping insulated and combustible pipe penetrations choose RED Wrap Strip. If your project takes you beyond stock PVC and ABS piping and into the tougher-to-protect plastics like PP, FRPP, and PVDF, use the unmatched power and protection of BLU Wrap Strip

- The industry's broadest range of UL Classified systems including the largest tested plastic pipes
- Higher volume char: expands up to 30x
- Easy installation: soft and flexible: less strip and less fasteners needed
- Water-resistant: no soluble or hygroscopic ingredients
- Products SSWBLU, SSWRED

| PACKAGING |
|---------------------------------------|
| Wrap Strips: 1/4" x 1 1/2" x 12' |
| 1 1/2" Restraining Collar x 25' Rolls |
| 3" Restraining Collar x 36" Rolls |
