EXPANSION JOINTS & ACCESSORIES

FIBER EXPANSION JOINT

Fiber Expansion Joint is an asphalt saturated, non-extruding, cellular fibered board securely bonded together to create a semi-rigid joint filler ideally suited for use on highways, streets, and sidewalks.

Specifications

- ASTM D 1751
- AASHTO M 213

PACKAGING

Available in 1/4", 3/8", 1/2", 3/4" & 1" x 3' x 5' Sheets

Available Pre-Cut Sizes

3/8" x 3" x 5' - 8000' per skid, 3/8" x 36" x 5' - 500' per skid
 1/2" x 4" x 5' - 4800' per skid, 1/2" x 5" x 5' - 3600' per skid
 1/2" x 6" x 5' - 3200' per skid, 1/2" x 8" x 5' - 2400' per skid
 3/4" x 36" x 5' - 250' per skid, 1" x 36" x 5' - 200' per skid

CERAMAR

Cerammar is a synthetic (isomeric polymer), closed cell foam expansion joint filler. It is lightweight & non-absorptive. Cerammar is used as a horizontal & vertical backup material for hot & cold applied sealants.

Specifications

- ASTM D 5249 Type 2
- ASTM D 1752

PACKAGING

Available in 1/4", 3/8", 1/2", 3/4" & 1" Thickness x 4' x 10' Sheets
Also available in Pre-Cut Widths from 2" to 46"

DECK-O-FOAM

Deck-O-Foam is a closed cell polyethylene joint filler provided with a pre-scored removable strip to provide a reservoir for cold applied joint sealants. Deck-O-Foam is used as an expansion, contraction, and isolation joint.

PACKAGING

Available in 1/4" x 3", 4", 6", 8", & 48" x 100' Roll
1/2" x 3", 3 1/2", 4", 5", 6", 8", 12", & 48" x 50' Roll

PLASTIC JOINT MATERIAL

SEALTIGHT KEYWAY VINYL TONGUE & GROOVE JOINT

SealTight Keyway is a means to mold keyed tongue & groove joints in concrete (3" x 1 5/8" deep)

SEALTIGHT SNAP CAP

Snap Cap is an expansion joint cap to form a properly configured joint for sealants.

PACKAGING

SEALTIGHT KEYWAY: 10' lengths, 250' cartons
SEALTIGHT SNAP CAP: 3/8", 1/2", 3/4" & 1" x 10'
