U.S. Patent No. 3,235,217
Patented in Canada

The A-81 bracket can be installed before or after the wales have been positioned. The slots in the bracket allow it to slip over the snap tie end without laborious threading through holes. The A-81 bracket uses 4 3/4" L & W snap ties and requires no nailing. The A-81 bracket can be utilized to hold a single horizontal wale or a single vertical stud with any type of wall form.
